PROFESSIONAL SUMMARY

BS Information Technology graduate focused on web and mobile development, with experience building applications through internships, freelance work, school projects, and personal projects using React, Next.js, TypeScript, React Native, Node.js, and REST APIs.

WORK EXPERIENCE

HSJ Technologies OPC

Legazpi City

Software Engineer

Jan 2026 - May 2026

- Contributed to the development of modern web applications using Next.js, TypeScript, and Tailwind CSS.
- Developed responsive UI components and implemented form validations, computed fields, and feature enhancements across multiple pages.
- Collaborated with developers using Git workflows, pull requests, and code reviews during a 520-hour software engineering internship.

Freelance

Legazpi City

Frontend Developer

Feb 2025 - Jun 2025

- Designed UI flows in Figma and developed responsive React components for a book-tracking application.
- Integrated frontend features with backend data while collaborating with team members.

Ownly (Sparkpoint)

Legazpi City

Full-Stack Developer

Jan 2023 - Apr 2023

- Assisted in developing website features and improving existing pages.
- Collaborated with the development team to enhance UI components and support platform improvements.

PROJECTS

IgniteTax AI

Legazpi City

Internship Project | Next.js, TypeScript

Jan 2026 - May 2026

- Contributed to the development of a tax platform using Next.js, TypeScript, and Tailwind CSS.
- Built responsive UI components and implemented form validations, computed fields, and feature enhancements.

Gray

Legazpi City

Personal Project | Next.js, TypeScript

Jul 2026 - Present

- Building an AI-powered conversational memory application using Next.js, TypeScript, and PostgreSQL.
- Exploring AI-assisted memory features and conversational user experiences.

Medal Archives

Legazpi City

Personal Project | SvelteKit, TypeScript

May 2026 - Jul 2026

- Built a race archive web application using SvelteKit and TypeScript to track completed races and achievements.
- Developed features for organizing race details, finishing times, placements, and activity links.

Who's Next?

Legazpi City

Capstone Project | React Native, Express.js

Jan 2025 - Nov 2025

- Built a swipe-based job-matching mobile application using React Native, Express.js, and MongoDB.
- Developed features that allow recruiters to discover candidates and candidates to browse relevant job opportunities.

EDUCATION

Divine Word College of Legazpi

Legazpi City

Bachelor of Science in Information Technology

Consistent Dean's Lister

LEADERSHIP EXPERIENCE

CSIT - Society

Legazpi City

Business Manager

Aug 2024 - Jul 2025

- Assisted in organizing student activities and events.
- Collaborated with fellow officers to manage organizational projects and responsibilities.
- Developed teamwork, communication, and leadership skills through active participation in organizational initiatives.
